Hello Mark,

I verified the product in the temporary closed tanks, specifically diesel, contained less than 1 inch of product.

Discussed CP testing requirements and told Greg I would contact him to make sure everything is on track.

Attended the MPCA Bio fuel discussion on Tuesday. Chatted with Jeff Brandon MPCA, he mentioned to me

he was planning on inspecting Cross Roads and our East Lake Marathon facility. I would like to discuss that with you.

Take care,

Scott
